# ABOUT US

Focus Express is a reliable logistics and transportation service provider delivering comprehensive supply chain solutions across the GCC. Our service portfolio includes land transportation, freight forwarding, professional packing and moving, customized industrial crating, warehousing and distribution, terminal operations, container transportation, documentation, and customs clearance.

Supported by our own fleet, skilled workforce, and dedicated infrastructure, we ensure secure, efficient, and timely cargo movement tailored to each client's specific requirements.

From routine shipments to complex project cargo, office relocations, and exhibition logistics, Focus Express delivers end-to-end solutions with precision, reliability, and operational excellence.

By integrating industry expertise, modern technology, and international best practices, we provide safe and efficient cargo handling while delivering consistent service quality and complete peace of mind to our clients.

# OUR MISSION

To provide end-to-end logistics solutions with efficiency, reliability, and transparency, while upholding the highest standards of honesty, integrity, and customer satisfaction.

# OUR VISION

To be a trusted logistics partner delivering secure, reliable, and cost-efficient logistics solutions across the GCC.

## Why Choose Us?

We have more than 10 years of experience in logistics and transport. We understand different business needs and provide simple, affordable, and on-time solutions for every customer

## Dedicated to Quality Service

Customer satisfaction is our top priority. We keep clear communication, handle professional cargo with care, and always deliver on time. This makes us a reliable and trusted logistics partner across the country.

# SERVICES

## Land Transportation across GCC

Focus Express provides dependable land transportation services across the GCC. Utilizing our own fleet and experienced drivers, we ensure safe, timely, and efficient delivery of cargo, customized to meet the unique operational requirements of each client.

## Freight Forwarding

From origin to destination, Focus Express delivers comprehensive freight forwarding solutions designed for transparency and efficiency. Our expert team manages every stage of the process, ensuring smooth, timely, and cost-effective cargo movement across domestic and international routes.

## Heavy Equipment Rental

We provide reliable heavy equipment rental services to support construction, logistics, industrial, and infrastructure projects. Our fleet includes well-maintained machinery operated by skilled professionals, ensuring safe, efficient, and cost-effective operations. Flexible rental terms are available for short-term and long-term project requirements, with timely delivery and on-site support.

## Packing and Moving

We specialize in professional packing and moving services, ensuring goods are handled with the utmost care. Our solutions are designed to protect cargo during handling and transit, serving both corporate and personal relocation needs.

## Warehousing and Distribution

Focus Express offers secure, modern warehousing and cold storage facilities for safe storage and efficient distribution. Our services include inventory management, temperature-controlled storage, careful cargo handling, and timely dispatch to support uninterrupted supply chain operations.

## Industrial Crating

We provide customized industrial crating solutions for machinery, equipment, and sensitive cargo. All crating is designed and executed in accordance with international standards to ensure maximum protection during handling and transportation.

## Office Relocations

Our office relocation services are structured to ensure a smooth and efficient transition. From careful packing and transportation to coordinated setup, we minimize disruption while ensuring maximum care and confidentiality.

## Exhibition Cargo Handling

Focus Express provides dedicated logistics solutions for exhibitions and events. We manage the safe and timely transportation of displays, materials, and equipment, ensuring precise delivery and collection in line with event schedules.
